Project Architect

#### Selected Projects\*

SAC TRADING FLOOR — STAMFORD, CT  
Renovation and expansion of an existing concrete panel building in Stamford, CT. Building is first in the US to use a specialized terra cotta cladding system.

CCRW LAW FIRMS — WASHINGTON, D.C.  
Washington headquarters for CCRW, comprised of conferencing center, support staff floor and three law practice floors. Aesthetics, security and privacy were important issues for this client, especially as the conferencing center was on street level.

FACTIVA, INC. — SOUTH BRUNSWICK, NJ  
100,000 sq. ft. interior build-out of corporate headquarters.

DOW JONES AND COMPANY, INC. — SOUTH BRUNSWICK, NJ  
Renovation and expansion of an existing cafeteria and dining space. Project goals were to improve flow through cafeteria, increase capacity and provide security for Dow Jones Offices adjacent to the multi-user dining space.

DOW JONES AND COMPANY, INC. — NEW YORK, NY  
Renovation of existing offices and conferencing spaces in their offices at the World Financial Center, NY.

FACTIVA, INC. — NEW YORK, NY  
Loft style offices for internet branch of Dow Jones and Company.

McDONALD'S CORP. NORTHEAST DIVISION OFFICE — PHILADELPHIA, PA  
15,000 sq. ft. divisional office with formal board room and reception lobby. Many opportunities were created to display the client's extensive art collection.

McDONALD'S CORP. GREAT LAKES DIVISION OFFICE — WARRENVILLE, IL  
15,000 sq. ft. divisional office with formal board/training room, display area for divisional information and open office environment.

McDONALD'S CORP. GRAND RAPIDS REGIONAL OFFICE — GRAND RAPIDS, MI  
Full floor interior build-out for support staff of McDonald's Corporation's franchises in the Grand Rapids region. Office was primarily an open office configuration built around a large training space. Display areas were created for McDonald's branding opportunities.

McDONALD'S CORP. NEW YORK REGIONAL OFFICE — NEW YORK, N  
Office expansion to create space for new marketing division for New York area franchises.

HYDE PARK HIGH SCHOOL — CHICAGO, IL  
Conceptual design work to renovate an existing auditorium into a computer lab/training center.

HEWITT ASSOCIATES — CHICAGO, IL  
Full floor build-out of downtown Chicago Hewitt Associates office at 333 Wacker Drive. The office served as a hoteling space for consultants, as well as a center for small conferences.

ELP LAW OFFICE — CHICAGO, IL  
Offices for environmental lawyers. The project goal was to try and create a "green" design by using environmentally friendly materials and efficient design.

GEORGE STREET STUDIOS — CHICAGO, IL  
New row houses in Lakeview area of Chicago.
